

We want your ideas.

THE HELENA CITIZENS' COUNCIL will be hosting quarterly neighborhood meetings beginning this April. These meetings are an opportunity for neighbors to meet and discuss various topics affecting our neighborhoods and our city.

THE PURPOSE OF THE HCC is to be a liaison between you and the City Commission by giving a voice to your ideas, issues and concerns. That's why we want to hear from you at the upcoming neighborhood meetings outlined on the back of this flyer.

We promise, no microphones, long meeting agendas or formalities, just neighbors taking to neighbors. We'll even bring the treats. All you need to bring is your ideas.

Meet the Council members you elected to represent you.

Tell us your ideas for creating better neighborhoods and a better city. Or suggest projects for your neighborhood—we'll help bring these ideas to the City.

Voice your opinions about major issues facing our city, including zoning, growth, safety, city services, budgets, and specific neighborhood issues.

Learn about your neighbors' concerns, and find out how you can become an even stronger voice by becoming an HCC or neighborhood representative.

Help build better, safer and stronger neighborhoods by getting involved.

For more information contact Robyn Brown at 447-8409.
